

CLOUTH-AIRFLEX® 230

High temperature flexible pressure tubing

MATERIAL	
BASIC: 100% glass-silk, reinforced tubular weave	
INNER LINING: special silicone	
OUTER COVER: blue surface from silicone coated glass-silk	
MATERIAL COLOUR	 blue
INNER DIAMETER	25.4 mm / 28,0 mm
TEMPERATURE RESISTANCE	up to maximum 230°C
EXPANSION LENGTH	5%
EXPANSION WIDTH	5%
OPERATING PRESSURE	max. 6 bar

ADVANTAGES
Good sliding properties
High tear strength and high tear resistance
High abrasion resistance
Weather-proof
Rot-proof
Ozone and UV stable
Resists soiling
